SUMMARY

Creative and dedicated Art Director. I possess extensive experience in graphic design with an emphasis on corporate identity. Areas of expertise include the creation of logo designs and development of advertising concepts for corporate businesses. Strengths comprise the use of one color through four color process while creating marketing material such as websites, packaging, brochures, flyers, mailers or any other printed and on-line need. Excellent time management skills with a proven record of producing results that excel the initial requirements while consistently completing projects ahead of deadlines.
